

Vision Statement

Our school will be known for the value it places upon the development of each child and the fostering of good relationships throughout the school community.

Our school will maintain a breadth in the curriculum it offers, whilst continuing to raise standards in English, Maths Science and ICT.

Our school will be known for its success in offering a structured approach to ICT producing computer-literate pupils.

Our school will be known for its success in the Arts, offering musical development and sporting opportunities for all and developing art throughout the curriculum.

We will continue to offer a structured approach to teaching and learning in an attractive, well-maintained and safe environment.

We will continue to develop self – discipline in our pupils, providing a well-disciplined environment within which to work, play and grow.

All our staff will be supported in their professional development and be encouraged to reflect on their practice.
